## Academic Update

The Academic Affairs Committee is:

- Assessing the new peer-advising system
- Working to keep Arabic at Bowdoin next year
- Trying to protect choice in Course Registration

## Improving Student Life

- Examining campus healthcare

- Starting a conversation about the Social Scene on campus

## Presidential Update

In 2009, we find ourselves in an unparalleled period of civic engagement. Given the national and global

context, things like BSG seem pretty inconsequential—dull, even. However, the representatives you elected here on campus are working hard to gain ground for you. They are asking tough questions of administrators, advocating for student-friendly policies, starting important dialogues, and providing essential services. The results of these efforts have real implications for your collegiate life. As a member of the Bowdoin community, it is your responsibility to educate yourself about these issues and insert yourself into these debates. Particularly in light of the current economic climate, tough decisions will have to be made and a unified student voice must be heard. So come to a meeting, read the Orient coverage, or visit our website.
