PROPOSAL TO ALLOCATE MONEY FOR BSG NEWSLETTER COUPON

Opinion

In order to increase transparency and reach out to the public, BSG is publishing a semester newsletter about our progress this year. This newsletter will contain useful schedules and information for students to use as well as a coupon. We feel the addition of this coupon will stimulate not only interest in the newsletter, but interest on sustainability on campus.

Two years ago the coupon was 50% off BPA-free Nalgene Water Bottles. 20% was paid by the Bookstore and 30% paid by BSG. At \$12.99 a bottle, BSG paid about \$3.90 per bottle. Last year 84 bottles were sold, a total of \$327.35. We plan to use the same model this year as well.

Action Required

The BSG Affairs Committee requests that the BSG allocate no more than \$1000 towards this coupon, the final amount depending upon how many coupons are redeemed.
